VOICE of TQI

UTHAYA BASKARAN's TQI journey:

“ Uthaya was in her second year of graduation when she came to know about Talent Quest for India through a friend. It was in early 2017. “A few of my friends and seniors were part of the selection process. The task was to talk about rainwater harvesting. To my disappointment, my name was not actually on the final list that came out. But silver lining! I was given another chance to perform. They heard me speak for a second time, and bam! I was on the team. The first-ever project I was a part of was Water Conservation. That was 2017’s One Year One Cause. That’s now my journey with TQI started.”
