VOICE OF TQI

MADHUSUDHANAN BALASUBRAMANIAN

"Life happens anyway and how good is it if we don't add some fun and happiness to it?" - Says Madhusudhanan Balasubramanian while he talks about his journey with the TQI family and how it changed his life forever.

"It was in October 2011, when I met Ram in our hostel room. He had already started TQI the previous year and the core idea of 'non-judgemental listening' and 'unconditional appreciation' captured me in a way nothing else had ever done. It was a turn back to how I wished to live my life. Some things take time, while some, don't"

It did not take much time for him to get engrossed in the idea of volunteering. Being the co-founder of the organization, his initial responsibility included spreading words about TQI, what it stands for, and how it functions.
