VOICE of TQI

Our Co-Founder - Kanda Vel's TQI Journey

Mr. Kanda Vel wanted to start a trust, and the journey began when he shared this idea with Mr. Ram. As Mr. Ram already started a trust, the like minds headed towards their goal of creating socially responsible leaders.

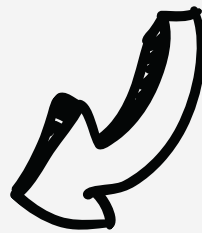

He said, "Beginnings are not always easy, when we conducted our first event in Namakkal, I joined from my hometown Virudhunagar and Ram from Thoothukudi, and we met at Madurai. After taking some time to make a clear plan, we started a long journey to a remote village in Namakkal. We conducted a chess competition for the students there, which is the first event on TQI's part, and memories of getting back from there without proper reservation tickets near a carriage door never fade from my heart!"
